MEMORANDUM FOR: David Stockman  
Director, Office of Management and Budget

ATTENTION:   
Acting Assistant Administrator for  
Information Policy

SUBJECT: Central Intelligence Agency Annual Privacy Act  
Report, Part I - - 1980

- REFERENCES:
- A. Memorandum from   
Assistant Director for Regulatory and  
Information Policy, 19 January 1981
  - B. Memorandum from   
Acting Assistant Administrator for  
Information Policy, 25 February 1981

1. In accordance with the referenced memoranda and pursuant to the instructions of Reference B, forwarded herewith is the Inventory of Federal Personal Data Systems Subject to the Privacy Act of 1974 as modified according to changes occurring during calendar year 1980.

2. It should be noted that certain CIA records systems are not programmed for obtaining only the number of individuals entered into the system. For example, system 13-00-0005, "Legal Subject Records," contains entries in which an individual's name may appear two or three times. Thus, the new number of 12,000 found in the column titled "Number Individuals in System" reflects the number of new entries for calendar year 1980. This does not, however, preclude the ability to query the records systems and obtain any and all information on an individual seeking information under the provisions of the Privacy Act.
